PETITIONS TO BE CIRCULATED IN 2 DISTRICTS

An invitation to the territory north of Richmond near the new high school and near Alvarado Park, to annex to Richmond, was extended by the council last evening on a motion of Councilman A. L. Paulsen.

Paulsen stated that the territories mentioned were logically part of Richmond and as the city owned Alvarado Park they should be annexed to the city. They city would give the territories, police and fire protection, trim the trees and expend all money collected from the new territory in taxes for the betterment and protection of that district, as the city has done in the Richmond Annex district, which was annexed to the city last year, he stated.

J. F. Duondieker, property owner near Alvarado Park, stated that he had canvassed that district Monday and did not find one property owner who was in favor of annexation and that all the residents had provided for adequate fire protection so there is no need of annexing to Richmond.

On a motion of Councilman W. W. Scott City Attorney T. M. Carlson was instructed to draw up annexation petitions and City Manager J. A. McVittie to determine the boundaries of the proposed district and have the petitions circulated.

Sale Of Ozol Plant Denied In Reports

MARTINEZ, Feb. 28.—Reports in circulation that the Purity Oil Company, an Oakland concern, has purchased the Ozol properties of the Petroleum Products Company were characterized as "in error" today by H. J. Hauser, plant superintendent. Hauser declared that there are absolutely no negotiations for sale of the holdings of equipment. Reports have been circulated in oil circles that the property had been sold.

Work is getting under way today on the distributing plant that the Western Oil & Refining Company is to erect beside the Ozol plant of the Petroleum Products Company.

Pipe Line Injunctions To Be Heard In Court Today

MARTINEZ, Feb. 27.—Court action to prevent the Petroleum Securities Company from laying a pipe line along a road between its storage tanks in the outskirts of Richmond and its wharf has been started by three firms in Richmond, and will be fought out before Superior Judge A. B. McKenzie Tuesday afternoon.

Judge McKenzie, on petition of attorneys for the Henshaw Investment Company and A. S. MacDonald, issued a temporary restraining order late Saturday, and a similar order on petition of the California Pressed Brick Company, Company, when they learned that the Petroleum Securities Company, which is a subsidiary of the E. L. Lohney interests, had planned to keep two trench-digging crews busy all Saturday night and Sunday, in order to have this work completed by today.

The fight will center over the question of whether a road, crossing property of the petitioners, is a public or private thoroughfare. The oil company planned to lay its pipe lines along this road.

Several months ago the Petroleum Securities Company bought 200 acres of land at Point Po-

Council Orders Bus Survey To Solve Service For Mira Vista

City Manager J. A. McVittie was instructed last evening by the council to make a survey as to the potential patronage for bus service from McBryde and San Pablo avenues to the Richmond San Francisco Ferry if instituted by the Southern Pacific Co.

Councilman A. L. Paulsen in his report to the council stated that he had a meeting with the officials of the Southern Pacific Co. last Saturday and they requested a survey be made to determine feasibility of the bus service. The contemplated route at the present time would be from McBryde avenue along San Pablo avenue to Barrett avenue, west on Barrett avenue to Twenty-sixth street, south on Twenty-sixth street to Nevin avenue, west on Nevin avenue to Twenty-third street, south on Twenty-third street to Macdonald avenue, west on Macdonald avenue to Twenty-second street, north on Twenty-second street to Barrett avenue, west on Barrett avenue to Tenth street, south on Tenth street to Bissell avenue, west on Bissell avenue to Fourth street, south on Fourth street to Cutting Boulevard, west on Cutting Boulevard to Garrard boulevard and south on Garrard to the ferry.

Need of transportation facilities in the northeast Richmond district was voiced by a property owner who stated that many residents were buying their merchandise in Oakland because they were unable to get into Richmond and that it was practically impossible for the children to get to school.

Members of the council are anxious to have adequate transportation facilities for the district and Councilman A. L. Paulsen and W. W. Scott stated that the council would go on they could co-operate with the Southern Pacific Co. and have the survey made as soon as possible.

FERRY CO. TO INCREASE RUNS

Coincident with the announcement that there has been no change either in the ownership or management of the Richmond San Rafael Ferry company, President Charles Van Damme announces that plans are under way to provide the motorist with the best possible service during the coming summer season. The company officers say that they will operate boats on a schedule which will absolutely do away with waits either at the Point San Quentin Richmond docks.

"Our facilities are in such shape at this time," said Van Damme, "that we can take care of the increased traffic perfectly. We have four steamers which will give the public better than fifteen minute service. Travel between the great East Bay region and the North Coast countries will be found conveniently accommodated by the ferry service. We have no intention whatever of either selling the ferry or of changing management in any way."

Bond of the United Dredging Co. on its contract with the city of Richmond was approved by the city council and Mayor Mattie Chandler and City Clerk A. C. Paris were instructed to execute the contract.

NEW INDUSTRY TO LOCATE ON INNER HARBOR

Information received from an authentic source is to the effect that another large industry is to come to Richmond, and will have its location on the Mintzer property, which was recently purchased by Ida Lamburger, who is reported to represent the Santa Fe railroad. The name of the industry and its nature could not be ascertained.

That there is much truth in the above information was evidenced at the meeting of the council last evening, when an ordinance was given first reading granting to the Santa Fe a franchise for a spur track, running along Cutting boulevard, from Elchib street, a distance of nearly 300 feet and connecting with the Mintzer property.

By the terms of the franchise the Southern Pacific railroad will have joint use of the tracks by paying half of the cost of construction, and six per cent interest.

The proposed track is to run along the side of the parking and the franchise provides that all cars must be loaded and unloaded on private property.

It is understood the Santa Fe has plans prepared to proceed with construction of the track, as soon as the franchise is granted.

Council Considers Permit Application

Application of Walter Hufschmidt to rent a six-room house on San Pablo avenue near Wenk avenue to Roy Loux, who will use the lower portion for an automobile wrecking business, was referred to the city planning commission, building inspector and chief of the fire department by the city council last night.

According to the members of the council it is questionable whether an automobile wrecking business can be conducted in a frame building under the city ordinance.

All-Year Highway Work To Start Soon

Work on the all-year highway on the north fork of the Feather river will start as soon as possible, according to the letter received by the council last night from the state department of public works.

The letter was in answer to a resolution to the department asking that this highway be constructed for the convenience of the motorists going to eastern points.

Permit Granted For Used Car Business

City Treasurer I. R. Vaughn reported a balance on hand of \$268,368.57 to the city council last night.

City Attorney Pierce Tenders Resignation During El Cerrito Row

Acting under the instructions contained in a letter received from District Attorney A. B. Tinning, Councilman Phil A. Lee refused to make any statement concerning the alleged \$975 bribe offer, at the meeting of the El Cerrito council last evening.

The hall was packed to suffocation, everyone was at fever heat, and with this condition the trustees decided the district attorney had no right to call a halt in the proceedings, and proceeded to make an investigation.

PIERCE TENDERS RESIGNATION

During the evening, charges and counter charges were made direct and by inference, and the evening finally ended with City Attorney Wilbur S. Pierce demanding that as Huber had made such a poor showing he should apologize, that so far as he was personally concerned he was sick and tired of the bickerings of the community, and to show how he felt about the matter, after two years of effort to create harmony, he had handed in his resignation to the council.

After the reading of the district attorney's letter, the matter of a continuance was discussed but Huber insisted the matter go on.

Mayor Lutz then asked that everyone present conduct themselves as ladies and gentlemen, and if there was an unseemly conduct the chief of police would eject parties.

JACOBS URGES DELAY

Hiram E. Jacobs, assistant district attorney, stated the district attorney's office was conducting an investigation, it was a criminal matter, facts would be sifted to the bottom, and if there were sufficient grounds for action, the guilty parties would be prosecuted, no matter who they might be. He said Lee had been asked not to make a statement. The evidence submitted showed that money had been tendered to a councilman, and it had been returned. It was not the intention to interfere with an investigation, but Lee had been requested not to talk.

At this point the following letter from the district attorney was read into the minutes of the meeting:

TINNING'S LETTER

February 27, 1928.

You have stated to me that you promised to make a statement of the facts at the meeting of the council to be held February 27th in El Cerrito.

WHAT HE DESERVES

COL. THOMAS W. MILLER, former alien property custodian, must go to prison.

That is just exactly what this gentleman deserves. He was given a post of immense responsibility and trust. He used his high position to defraud the United States of its rights and privileges.

The steps by which he juggled \$7,000,000 in funds intrusted to him are more or less technical.

There is no technicality, however, about the fact that he acted in a way that stamps him as a faithless official.

The United States Circuit Court of Appeals upholds the conviction, which was based upon an indictment charging him with illegally receiving part of \$391,000. Miller was unfortunate in being caught but the American public was fortunate in having him caught.

What has happened to him should be a salutary lesson to other public servants who are inclined to use their offices as stepping-stones to sudden wealth.

It should stop potential grafters who figure on getting away with the goods under the general assumption that the public is too stupid to fight for its rights.

Irving Jaffee Outskates Jinx in Olympic Victory

Do dreams come true? Apparently they do, at least for Irving Jaffee, America's ice speed skater, who has been named Olympic champion for the 10,000 meter race.

For years Jaffee dreamt of representing Uncle Sam on the Olympic ice-skating team. For years his efforts to attain that object were balked in one way or another. Finally, this year his hopes were fulfilled. At that, he was almost barred from the team at the last moment.

Even then he was forced to run the gamut of human emotions, for after easily defeating Bernt Evensen of Norway, in the 10,000-meter race at St. Moritz, Switzerland, on Tuesday, the referee called off the race. Jaffee protested.

His protest was seconded by the American committee, and after sitting on the question the Olympic committee in St. Moritz allowed the protest to stand.

So now Jaffee is walking with his head in the clouds, a shining example of determination, persistence and perseverance.

In his heat with Evensen, Jaffee performed brilliantly, covering the distance in 18 minutes 36.5 seconds, although handicapped by slush caused by a hot sun.

VIGOROUS HEALTH

THE COFFEE HABIT

Is coffee drinking a habit? Absolutely!

There are many people who claim they can take it or leave it alone, but they continue to take it. Others think that because they only take one cup a day they do not have the habit, but they will not give up that one cup.

Others may even be willing to stop taking coffee for a week, two weeks, a month, or even longer, just to prove that they do not have the habit, but always at the back of their mind is the thought that on such and such a day they can have their coffee again.

No, there is no getting away from the fact that coffee drinking is a bad habit, for the caffeine is a poisonous alkaloid. No one needs coffee and any one can break the habit if he really wants to.

The simplest plan is as follows: Adopt a diet of nothing but oranges and water for three to five days, taking one glass of orange juice daily. Resume eating gradually, taking nothing but strictly foods and avoid overeating. Give due attention to all general health building measures. Forgetting about coffee and you will have no more trouble with the habit.

I have colitis with pains in the right side and about the heart. Fresh fruit and vegetables give me gas. What shall I do to get relief?

When anything is wrong with the digestive tract it is necessary to rest it so the body may have an opportunity to restore a normal health building measure. The usual treatment by natural methods would be a fast for up to seven days with plenty of water and daily enemas.

After the fast, gradually resume eating fruits and vegetables after this, but if possible, to arrange for the exclusive milk diet. It probably be best. An alternate hot and cold sitz bath is taken daily and sun baths are helpful. After the fast general exercise in a reclining position is advised gradually.

I have deep rings under my eyes and have been told they are due to liver trouble. I get plenty of sleep. Is there any cure for this?

Of course there is a cure since you get plenty of sleep they may be due to liver trouble, but there is also a possibility of kidney disease, constipation, eye strain, or worry and mental strain. The cause should be found in order that it may be removed. Quite possibly a few days on fruit followed by a general correction of habits of living would prove effective. Plenty of raw foods are used so as to avoid constipation. Operating and the use of tea, coffee, smoked and pickled foods, tobacco, alcohol, and medicines of all kinds are avoided. Regular exercise, deep breathing, long and vigorous walks and cool baths are all used. Keep a cheerful, confident, hopeful attitude of mind.

I am considering having some tattooing on my arms, but am told that it will make me sick. What is your opinion? BILL.

Tattooing does occasionally produce an acute reaction of general illness, but as a rule no marked symptoms will be observed. Nevertheless, it is extremely inadvisable. It serves no useful purpose.

and only disfigures the body. In my opinion any one who permits himself to be tattooed is living on about the same plane as an Australian bushman.

I am fifteen pounds underweight. Please tell me what to eat so that I can gain very rapidly. R.

I only wish I could, but unfortunately gaining weight or the rapidly with which it is gained is not merely a matter of eating certain foods. The cause of your lack of weight must be found and removed and all the habits of living must be corrected. However, most cases find that a few days on fruit followed by a diet, together with graduated exercises, deep breathing and plenty of sleep will be very effective.

The newest American-designed prints are characteristically sprightly and novel. One of the most effective patterns is "The Game of Tennis," designed by Helen Willis. Another interesting pattern is "Tugs" which depicts these sturdy little boats in swirling eddies—a charming design created by a 12-year-old youngster.

We have had the young girl's point of view, and the young man's point of view. Now, let's see what mother has to say, because our actions rarely affect ourselves alone, and the consequences of our decisions fall most heavily upon our mothers.

Dear Patricia Lee:

I have a 19-year-old daughter, who has been going with a fellow 31 years of age for about five months. He thinks a great deal of her and she cares a lot for him.

He was married ten years ago to a Catholic girl, but they only lived together a few weeks and then separated. They haven't lived together or even seen each other since.

He told my daughter, he had applied for a divorce when he first started to go with her. Now he tells her his wife is getting it and that she doesn't want publicity. I said to my daughter, "I thought Jack was to get his divorce in January. I don't hear him tell of it yet." She stared at me and turned on her heel as much to say—none of your business.

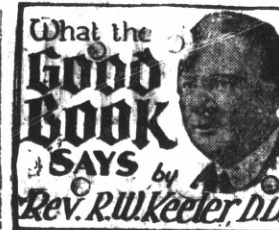

Every day or two I say, "Has Jack heard any more about his divorce?" She doesn't even want to talk about it. I am afraid I should forbid him to come to the house she will run away with him. He is very headstrong. She believes everything he says and nothing I say. Please advise me, as I am worried.—MOTHER.

Dear Mother—

Of course you are worried, but oh! my dear—don't you see how you are antagonizing your daughter by that foolish question. "Has Jack heard any more about his divorce?" If she did hear, she would tell you. And that question seems to be a taunt, just when she needs your help so much. She is just as worried as you are, mother, and if you had gained her confidence she would have told you all her doubts and would have been glad of your advice.

Jack does seem a little old for your daughter, but I have great faith in the 19-year-olds of today. If you can get them to face a question squarely they will give you an honest answer. So see if you can win your daughter's confidence. Not by asking questions, but by not asking them. By being less suspicious and willing to see the good qualities in the young man, ready to agree with her estimates of him. Then she will have no reason to be defensive and will tell you how she really feels. Meanwhile, I would advise you to give a few parties. Encourage your daughter's friendship with people her own age and help her happily along this period of waiting until the man gets a divorce or she finds that he isn't going to. But don't try to drive her, mother, let time and new interests work out the solution.

tion of this novel. It is based upon the play by Samson Raphaelson.

SYNOPSIS
Cantor Rabinowitz, who has trained his son, Jakie, to be a Cantor, finds the boy singing ragtime in a "beer garden." He whips the child and Jakie runs away. Ten years elapse. Jakie, now Jack Robin, obtains a part in a New York musical show through Mary Dale, a dancer. He returns home, but when his father learns that he is a jazz singer he drives him out. Dillings, the banker of the show, jealous of Mary's interest in Jack, does not know that she has promised to marry the singer. Lee, the producer, seeing Jack's work, gives him several new numbers at dress rehearsals.

CHAPTER XIII—Continued
In reality Jack was worrying because he believed that if he failed it would be a reflection, as he had old Mary, on her judgment and Lee's. And added to that he felt that in order to prove to both Mary and his father his ability he must show that he had real worth in the theatre. But at the same time the scene between Carter and Lee had made him realize the hurt the elder comedian was sustaining. So it was with mingled sensations that he caught Carter's words to the producer.

"Look here, what's the big idea," he could hear Carter saying. "I've worked up that number all through rehearsals. The house is going to be packed tonight with my friends and they're expecting to see a lot of me. What do you think they're going to spread around Broadway tomorrow?"

"Just a minute, Mary," Jack quizzed the girl's hand and hurried over towards the producer.

"Good Lord! Robin hasn't anything to do with this!"

"So far as I'm concerned I believe he has. It's a pity that such an occurrence should have occurred. Mary's family would be greatly upset if this affair became really serious. However, that's neither here nor there. As I said before, I had hoped that Mary might change her mind, but now, Dillings shrugged his shoulders. "I'm no stage door Johnny. I've carried this matter quite as far as I care to under the circumstances. From now on what Mary chooses to do is her own business. So if you don't mind, just mail me a check this afternoon and we'll forget all about it."

"But you're not actually taking this boy seriously?" Lee exclaimed. "Why, he's nothing but a kid. I think he's going to make a good actor—but—"

"You and Mary seem to take him seriously enough," Dillings retorted. "Mary's friends are already gossiping. So far as I'm concerned I have nothing against the boy. I've only met him casually. But he's certainly not Mary's sort. However, if he's worth more to you than my money—"

"Well," Lee hesitated, considering the matter. Then he became determined. "Yes, I believe he is," he answered decisively.

"Very well," Dillings turned to go.

"Just a moment," Lee spoke quickly, laying a detaining hand on Dillings' arm. "General," he called. "General! Ask Miss Dale to come here a moment. She told me that she was coming out of the wings at his summons."

"Look here," Dillings drew himself up haughtily. "I don't care how Miss Dale brought into this discussion."

"We're going to settle this right now," Lee declared firmly. "I'll prove to you—that for your own satisfaction—that Jack Robin doesn't mean a thing in Mary Dale's life. And if I do that will you let things rest as they are?"

The two men faced each other. Dillings inwardly seethed at this new turn of affairs. Proud, aristocratic, he could not help but think that this was a matter to be conducted between gentlemen—that it was totally unnecessary and not particularly subtle to ask a woman to declare or air her affections before the world, even though that world consisted of but three interested parties. Furthermore, he believed that as long as Mary felt as she did there was no point in causing her attitude toward himself.

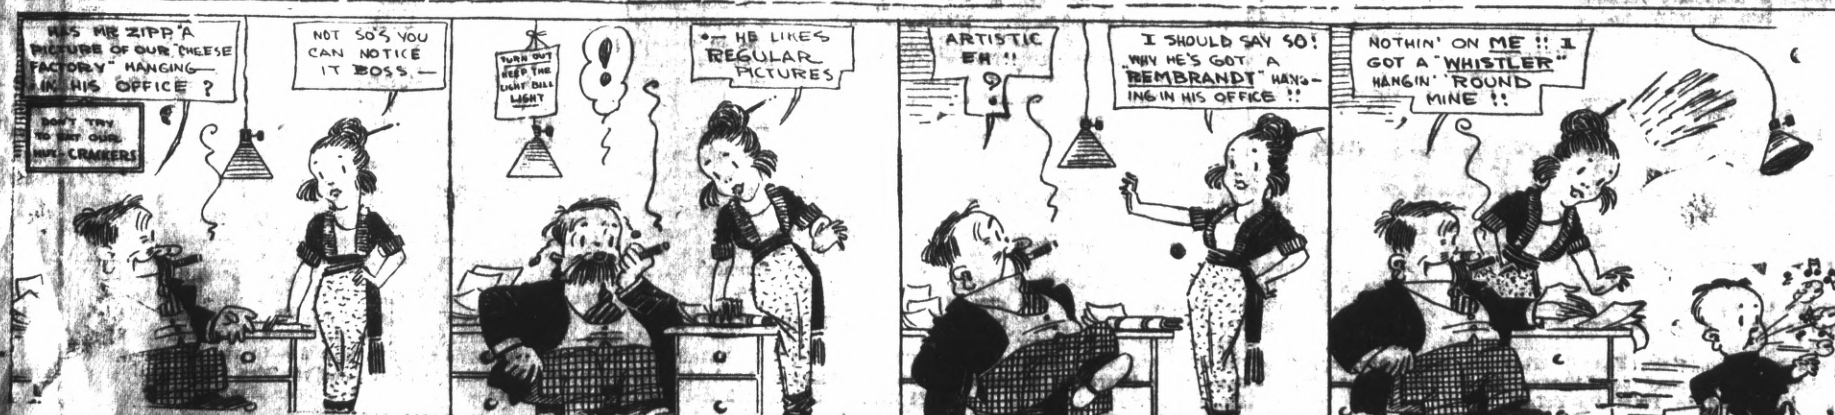

Lee, however, wanted matters settled, and settled immediately. With him this was all a business proposition. He was accustomed to dealing with those varieties of "Angels" who were either backing wives or sweethearts, and it was no new proposition to have to deal with this sort of thing. So far as he was concerned Mary might have been a princess of the royal blood, and he would still have acted on the situation in this same manner. He was always direct, firm and decisive, and now he was believing in her attitude toward himself. But neither man was guessing aright as to Mary's attitude.

"Hello, Randy," the girl swung across the stage in a shimmering gown that revealed her lithe, perfect figure to best advantage.

"Hello, Mary," Dillings bowed. "I just ran in for a moment to see how things were going. I—"

he turned as though to go, "I have some business to attend to. You'll pardon me?" He was attempting to evade this, to him, obvious shade.

RICHMOND CLUB HEARS LECTURE ON MOVIES

The development of the motion picture industry from the 16th century to the present day was sketched yesterday afternoon by Mr. Meyer, executive secretary of the University Extension before the members and guests of Richmond Club. Mr. Meyer who has been connected with studios in Hollywood editing films and other work incident to the motion picture made his address interesting with historical data, motion picture information, studio routine, the inside view of the casting office, and telling of all the steps necessary to the making of a picture, including its sale and presentation to the public.

Mr. Meyer told that the first motion pictures were shadowgraphs, animals and human characters being cut from leather and cast upon a screen. From this crude beginning many centuries ago has developed one of the strongest industries in the world, with limitless possibilities now in the advancement of the vitaphone and motion pictures over the air. He pictured the home of the future, with the motion picture theatre as the very fireside. Mr. Meyer believes that the motion picture has been and will be a great power in bringing the nations of the world more harmoniously in touch. He quoted a statistical bulletin, saying that for every foot of film exported, a dollar addition is returned in foreign commerce.

Mrs. A. B. Armstrong, Alameda district chairman of motion pictures for the California Federation of Women's Clubs, and Mrs. E. G. Miller, Alameda county chairman of motion pictures also addressed the club members, telling of the work the club women of the state hope to accomplish in the field of film betterment. The two speakers urged a vigilance on the part of parents, regarding the pictures which their children attend, and advised the clubwomen viewing pictures to send their discussions to their county and district chairmen.

Mrs. C. F. deShields, the Contra Costa county chairman of motion pictures was in charge of the program and also outlined the activities of the clubwomen in film betterment. A short program preceding the main address included pianolugues by Mrs. W. R. Huston, accompanied by Mrs. J. W. Bumgarner. The election of a nominating committee was held during the business session. Annual election of officers will be held next Monday afternoon.

WRIGHT STORY ON BOARDS AT THE CALIFORNIA

One of the screen's most ap-
pealing love stories, told with the
photographically beautiful Ozark
Mountains as a background, is
"The Shepherd of the Hills," now
being screened at the Cali-
fornia.

"The Shepherd of the Hills" is a
First National Pictures screen
version of the famous novel by
Harold Bell Wright, and the lov-
ers of the story, Sammy Lane and
Louise Matt, are portrayed by
Molly O'Day and John Boles. Al-
bert Rogell directed the picture,
which was produced for First Na-
tional by Charles R. Rogers.

In the cast, also, are Alec B.
Francis, who plays the title role;
Matthew Betz, as the villain; and
Romane Fielding, Otto Harlin, Jo-
seph Bennett, Maurice Murphy,
Carl Stockdale, Marion Douglas, J.
Westwood and other notable ar-
tists. They give exceedingly hu-
man characterizations, and the
plot is packed with drama and
suspense.

Molly O'Day, who played oppo-
site Richard Barthelmess in "The
Patent Leather Kid" and Milton
Sills in "Hard-Boiled Haggerty,"
demonstrates her real attractive-
ness and ability in the role of the
little Ozark girl. It is by far her
best work to date, and should
bring her recognition as one of
the screen's most notable beau-
ties and artists.

Other features include Felix the
Cat in "Smoke Scream," a picture
comedy; and "Topics of the Day."

tions in outdoor cooking.

School nurse, says all girls should know this

Talking to a roomful of high
school girls on personal hygiene,
an experienced district nurse said:
"One of the basic rules of health for
girls is to keep the system functioning
naturally at all times. Normal exercise
and diet habits should be encouraged.
But when necessary there's no harm in
taking nujol, since it works mechani-
cally and can't disturb the normal
functions of any organ of the body.
Particularly with girls, there are times
when nujol should always be taken.
Take a spoonful every night for a few
days. It's a thoroughly safe and harm-
less method. It won't cause distress or
gas pains or griping."
Nujol is different from any other sub-
stance. It contains no drugs or medi-
cine. It can be taken safely no matter
how you are feeling because it is so
pure and harmless. It works so
easily. Every woman should keep a
bottle on hand. Every druggist has this
remarkable substance. Get the genuine.

Smith Charges Local Woman Brought Ruin

E. M. Smith, sentenced last Saturday to serve two years in San Quentin for embezzling several thousand dollars from the First National bank of Oakland, declared in a statement at the time of his sentence that his downfall was due to the social aspirations of Mrs. Beattie Ralph, wife of a Richmond feed and grain merchant.

He holds Mrs. Ralph with making suggestions and borrowing money for him beyond his means which she took from the bank and falsified his accounts to cover up the shortage. He stated that he had entertained Mrs. Ralph and her husband at home many times and that the needed money was taken from the bank. After Smith's arrest Mrs. Ralph voluntarily bared a gift of securities she claimed had been loaned to her by Smith. Loss Of 2 Star Players Brings Defeat To City Tennis Team

Handicapped by the loss of their two star players, Nebo Chasser and Allen K. Herman, the Richmond Tennis Club went down to defeat at the hands of the Stockton Tennis Club in the valley city Sunday.

Karl Kamb, Richmond fireman, was on the mound for the Berkeley division of the league and pitched a large score of 24 to 4.

By virtue of winnings this game the Manufacturers are winners of the league and will have to play the Oakland Typewriters, winners of the other section, in order to determine the champions.

Bill Rogers, catcher for the Berkeley outfit, collected two triples and a single during his time at bat.

Kamb got two hits during the game, one of which resulted from a debate between the short stop and the center fielder as to who should catch the ball. The debate lasted so long that the hit fell safe.

Terminals Win From San Pablo

San Pablo Garagemen in playing their last game of the league lost their heads and the game too when they lost to the Lawrence Terminals by a large score of 24 to 4.

Walter Murphy started for the Mechanics and got by for awhile but soon blew up and was replaced by Buttsbach, who also was replaced by nearly every man on the team, before the game was over.

Since the Terminals play the New Process Laundry next Sunday there is a chance for the Garagemen to win the race providing they continue in the league.

El Cerrito Team Wins Fast Game

El Cerrito Merchants started hitting the ball early in the game with the Johnson Oil Burners, played Sunday on the El Cerrito diamond, and ended with 14 runs to their opponents 6. Sal Campagna pitched for the Merchants.

TOP FLOOR GOLF COURSE, BROADWAY'S LATEST

If you are rushing up West 48th Street and a golf descends from an upper story and hits you on the dome, make up your mind that the Billy Lahiff Golf and Country Club is holding a tournament.

The charter membership includes Jack Delaney, Jack Kearns, Pete Reilly, Charlie Mosconi, Sheriff Lester Patterson of the Bronx, Lou Clayton, Jimmy Slanoth, Rex Cherrymun, George Olsen, Lou Davis, Billy Duffy, Jimmy Hussey, Bill Weltman, Billy Seeman, Rubie Goldberg and Pete Higgins.

Ed Sullivan's SPORT WHIRL

TOP FLOOR GOLF COURSE, BROADWAY'S LATEST

If you are rushing up West 48th Street and a golf descends from an upper story and hits you on the dome, make up your mind that the Billy Lahiff Golf and Country Club is holding a tournament.

The charter membership includes Jack Delaney, Jack Kearns, Pete Reilly, Charlie Mosconi, Sheriff Lester Patterson of the Bronx, Lou Clayton, Jimmy Slanoth, Rex Cherrymun, George Olsen, Lou Davis, Billy Duffy, Jimmy Hussey, Bill Weltman, Billy Seeman, Rubie Goldberg and Pete Higgins.

Willard Mack is chairman of the Admissions Committee. Tex Rickard is chairman of the Greens Committee. Lester Allen is in charge of the entertainment. Damon Runyon is secretary and treasurer.

The club is a regulation eighteen-hole affair and is laid out in Billy Lahiff's apartment on the top floor of the Tavern, Broadway's rendezvous.

The first hole is a chip shot over an arm chair and the hole is trapped by an umbrella rack. The green is a Persian rug.

The windows fronting on West 48th Street mark out-of-bounds. If your ball skids out of the window and lands on the running board of a Yellow cab, you count it a rub of the green and lose a stroke and distance. You also lose the ball.

Here it is, on an indoor course, that Broadway golfers are tuning up for the coming golf season. Occasionally the club goes to Harry Sparling's golf school, or holds a one-day tournament at Wanamaker's, but in the main, they play the home course. Lahiff keeps his rug-greens in great shape and puts run true.

BILLY SEEMAN SEEMS TO BE CLUB CHAMP

Bill Seeman gave Lahiff the eighteen-hole course as a present at Christmas time.

The other night Seeman played Lahiff for a side stake of \$1 a hole and Lahiff went for \$22. The moral is that if Billy Seeman wants to make you a present of an indoor golf course, tell him to go chase himself around the block.

Seeman, who was shooting about 35 while we were up at Saratoga Springs, last summer, while Dempsey was training at Luther's, is strictly a Bobby Jones on these miniature courses. He chips over davenport and puts over rugs like nobody's business.

The hour of play, on the Lahiff Golf and Country Club course are as unusual as the membership and the course itself.

Tournaments get under way after the Broadway shows and night clubs close their doors.

Residents in the building who dream of thunderstorms are actually hearing the thud of rolling golf balls over their heads.

Wayfarers on 48th Street, going home in the wee hours, who feel themselves hit violently on the head and automatically stick up their hands in surrender, have been struck by an out-of-bounds mashie shot that flopped to the street.

IT HAS MOST OF THEM PUNCH DRUNK

These Broadway golfers are real nuts about the game. Tex Rickard, a poker-face where everything else is concerned, warms up only over Maxine, his baby daughter, and golf.

The minute Rickard hits a putt, he starts racing after the ball, brandishing his putter and uttering shrill noises that are meant to urge the ball into the hole.

Lou Davis, one of the real comics of the bulb district, growls like a bear at any attempt to inject humor into a golf match. "Fore," growls Davis at the slightest noise or breach of golf etiquette.

UNION HIGH TO MEET ALUMNI IN CAGE GAME

Richmond high unlimited will have one game, not on the regular schedule, Friday night in Roosevelt Junior high school gym when they meet their alumni team.

The high school boys have been playing together all year and should have an advantage in the matter of team work, but on the other hand the alumni have not forgotten the game and have been keeping in condition all season by their activities on several teams of the city.

For the unlimited line-up have been chosen: Lowell, Dyer, Al Huzefka, Art Muth and Virgil O'Brien, forwards; Ernie Barbieri, center; George Cornell, Ralph Lee and Cal Piffard, guards.

The lightweight team will be represented by: Bill Powell, Everett Engelman, Marvin Clark, F. Barnes, forwards; George Clark, center; Theodore Malmann, Geo. Gordon and Fran McLaughlin, guards.

JIM Kahn FAIR OR FOUL

Miller Huggins can grow alarmed just like that. For a little fellow he can carry more worriment per square inch than any one you ever saw. In most cases no one can see anything to worry about, where Huggins can, and consequently his often expressed fears are passed over lightly by his listeners.

His most recent expressions of doubt that his Yanks would have another walk-away time of it in the American League race this season were greeted with the customary loud laughter and cheers. What with the Yanks quoted as 7 to 5 favorites in the winter books, with no second and place prizes offered, the rest of the league not strengthened appreciably over last year and the Yanks certainly not weakened, mere casual observers find it hard to grow alarmed along with Miller Huggins.

However, he has been a long time in this baseball business and has learned to be cautious, and he finds now, looking back over some of his other excellent championship teams, that he is a real problem to handle once the season gets under way. He has to guard against overconfidence, that bugaboo which has marred the otherwise smooth progress of many champions before the Yanks. He has to keep his players from falling into those same serene ways as the casual observers who haphazardly concede the 1928 pennant to

LOCAL SOCCER BAPTIST AND TEAM VICTORS CHRISTIANS IN FIRST GAME "Y" CAGE WINS

Richmond's newly organized soccer team came through with a win Sunday when they met the San Francisco Junior Thistles on Nicholl Field by taking the game 3-1. At the end of the half the score stood 2 to 0 due to the kicking of Captain Earl Jester and Richard Paine.

In the second half the Thistles came out to win but were only able to convert one kick. The Richmond men did the same. Holland substituted by Coach W. L. "Doc" Seawright made the last goal.

Next Sunday a return game has been scheduled to be played between the two teams at Golden Gate Park.

Richmond's starting lineup was as follows:

Leslie Urquhart, goal; C. Showalter, full; H. Basford, full; D. Bracco, center; Half; H. Myers, right half; Richard Paine, inside right; J. Freeze, outside right; C. MacLean, inside left; Earl Jester (C), outside left. Substitutions: "Dutch" Holland, and Dugan.

The Yanks with a feeble gesture of their hands.

The sudden collapse of the Yank in 1925 after they had won American League pennants in 1921 and 1922, a world's championships in 1923, and had finished a great season in 1924, has left Hug fretful of the sudden appearance of the same thing again. He knows he has a team that can repeat if it plays up to its full capabilities, and getting the lads to play to the limit is Hug's big job this season.

Still, he gets results. No one can take that away from Hug, and no one would attempt to. His record as leader of the Yanks stands out as a fine monument to his managerial genius, and what he has done with the Yanks in the past he should be able to do in the future. He kept the lads hustling through that surprising season of 1926, though they were fourteen game in front at one time of the race. Last year he kept his champions going long after they had clinched the pennant, and they went on to break an American League record for games won in a single season, and enter the world's series at the top of their form.

With the fine lot of talent the Yanks have idling on the bench the regulars will have need to hustle, and Hug will ever be there in his own funny fashion, seeing that they do.

First Baptists took the contest from the San Pablo Baptists in the game played on the "Y" courts in the Sunday school basketball league, last night, by the score of 25 to 14.

First Christian overwhelmed the Community Methodists by the large score of 40 to 23 in the second contest of the evening. Tomorrow night will conclude the regular league games, and then will start the final play to determine the winner.

For the First Baptists Williams with 9 points to his credit was high point man, and Lindstedt came second with 5 points. For the winner, Moltzow rung half of the points with 12 markers to his credit.

In the second game Christian, who did not start the game, rung the bucket for 10 points and Livermore and Craig tied each other with 8 points apiece. For the losers, Hillier accounted for 9 of the teams' 23 and Rowe came second with

WIFE OFFERS TO HANG FOR CONVICT MATE

OAKLAND, Calif., Feb. 27.—A wife offered herself to the state's executioners today to save the life of her condemned husband.

Unselfish devotion to her doomed mate was expressed today by Mrs. Gabrielle Lapierre, wife of Edgar Lapierre, under sentence of death for the murder of police inspector William J. Davis.

She has been sentenced to hang from one to 10 years in San Quentin on a charge of manslaughter in connection with the fatal shooting of the policeman.

Her brother, Leo Archambault, is now serving life.

"If the state would only spare his life, I would go to the gibbet in his stead with a smile on my lips," the young wife cried as she waited in the county jail today to be taken to the state prison, where her husband and brother already have been sent.

"They are sending me over for something I did not do and yet I do not care," she said. "And yet I would give my life to save him from the rope."

Her inability to help him is breaking the spirit of the young wife.

"I don't expect them to free him. If they would only commute his sentence to life imprisonment."

"To think that he is going to hang is what's killing me."

\$90,000 CHURCH TO BE BUILT BY PRESBYTERIANS

A new church, to cost approximately \$90,000 will be erected by the First Presbyterian church at the corner of Twelfth street and Bessell avenue. Preliminary plans for the edifice have been accepted by the building committee together with a sketch of the proposed exterior.

According to the plans of the architects, Blaine and Olson, the auditorium will face on Twelfth street and extend along Bessell avenue. Adjoining it on the Twelfth street side, will be the Sunday school departments, church parlors and offices.

Spanish type of architecture has been chosen for the buildings with deep recessed windows and doors, and buttresses adding strength to the mass. The auditorium will be in the form of a cross, two transepts forming the arms, with high windows lighting the transepts.

The lower windows of the nave will be small, the lighting of the interior coming from the large clear-story windows, four on either side of the auditorium. A low-pitched roof of red tiles will top the structure.

The feature of the new church will be the lofty tower, rising high above the roof of the various portions of the building and topped by a dome of bright-colored glazed tiles.

J. H. Plate is chairman of the building committee, which has been functioning the past two months, preparing the preliminary work for the building fund campaign.

Dr. P. T. Amstutz, who will direct the campaign for funds, will arrive in Richmond today and will be a speaker at both the men's dinner tomorrow night and the women's dinner Friday night.

City Attorney Pierce Tenders Resignation During El Cerrito Row

(Continued from Page 1)

which he charged that \$975 had been received by a member of the board. He stated the charges were serious and affected every resident of the city, and thought they should be gone into.

"Every member of this board is under suspicion and the people have a right to know whether they have honest or dishonest officials. The finger of suspicion is pointed at every member. Lee has admitted the receiving of the money and returning it. These charges," said Pierce, "do not affect me, and thank God I am not a member of the council."

Huber then demanded that the investigation proceed, as the citizens should be informed of the facts. He said the \$975 had been sent to a member of the council, and it was not to be supposed it was an isolated case. Greene, the reputed sender "has been very active in promoting expensive pavement. Citizens have come here in good faith. They have never been courteously treated before."

Neither have I ever been courteously treated by your city engineer. When I approached the city engineer on a matter, said Huber, "he told me I had not approached him in the proper spirit, and I have been wondering if the proper spirit was with a bunch of gold certificates."

At this point Mayor Lutz stepped forward to order, and told him to refrain from personalities.

Then Huber wished all the members to express themselves about the matter, and especially concerning an auto ride that was had in the Annex.

Lutz DENIES AUTO RIDE. Lutz answered that he had nothing to explain as he knew nothing about it.

Huber then asked Lutz the direct question, if he was one of the party that took the mysterious automobile ride with Lee. Lutz became excited and shouted: "No, and added that any one who said he did, was a liar."

TESTIMONY HEARSAY. Huber then went on the stand and related practically what was contained in his original communication. He admitted under questioning that he only heard of the alleged bribe offer last Monday morning, and he had the communication before the council that evening. Huber's testimony was all hearsay. He got his original information from a Mr. Barber, who he said, informed him of the \$975 received by Lee and also told him of a ride that Lee and two others took in an auto to the Richmond Annex, where a deal was handed a package and told "this is yours." Lee is reported to have refused the package and was told to keep it. The best evidence of what was in the package, the witness contended, would be Lee's testimony. Huber could not say who the other two in the auto were.

TWO PROJECTS PLANNED. Under repeated questioning by the city attorney he said that although no official action had ever been taken on any street lighting contract, he understood one project was sponsored by Councilman Zimmerman and another by Councilman Lutz. Huber admitted his testimony was all hearsay, but amplified it by adding the report of the \$975 was hearsay too, but it turned out to be real money.

GREENE FAILS TO APPEAR. City Attorney Pierce said that George Greene, the reputed sender of the money to Lee, had promised to be at the meeting, but had failed to appear.

Lee was then put on the stand, but under the instruction of the district attorney, refused to answer any of the questions put to him.

BEGEROW TESTIFIES. On his own solicitation Fred Begorow took the stand and said Lee in an open meeting of citizens in Thornton hall a few nights ago, made the statement he had received \$975. He also claimed there was something to the proposed lighting contract, as there were parties around who wanted to charge each property owner \$25.

"The lighting deal failed to go through," said Begorow. Begorow reverting to street paving, then asked City Engineer Ross Calfee how many inspectors he had on the San Pablo avenue paving job, and Calfee answered, "three."

Begorow then insisted Calfee had told him he had but two, one of them being a son of a deputy sheriff, and the other George Greene.

Calfee claimed Begorow was wrong, but the latter replied "Sure we're wrong, but we are always digging in our pockets to pay bills."

COUNCILMEN TESTIFY. All the other members of the council: F. Lutz, Charles Zimmerman, W. J. McDermott and Geo. Conlon, then took the witness
